Via-Guard®
DISPOSABLE YANKAUER POOLE SUCTION
Instrument Grade Plastic Stainless Steel

SurgiMark offers a solution for basic surgical suction that replaces metal reusables and plastic disposables with a single instrument grade disposable device.

- **One Universal Solution** for VA and DOD Medical Centers at home or in the field—land or sea.
- **Unparalleled Clog-Free Performance** surpasses metal reusable and plastic disposable suction instruments.
- **Disposable Surgery-Ready** eliminates reprocessing and reduces risk of SSIs caused by uncleanable suction instruments.

**Differentiators**

- Patented Clog-Free Performance
- Two-In-One Consolidates inventory
- Distribution Prime Vendors, Distributors, and Direct GSA
